An all-terrain vehicle (ATV) is well-defined as a motorized off-highway automobile that travels on non-pneumatic or low-pressure tires. The vehicle is also referred to as three-wheeler, quadricycle, quad, four-wheeler or four-track. The seat of an ATV is designed in such a manner that the operator can straddle it and the handlebars for stable steering control.

In general, your choice of brand will depend upon how you intend to use your ATV. For relatively easy, high-speed use in the desert, just about any kind of engine will be able to handle this smooth terrain. For more difficult trails in rugged, mountainous regions, a brand that specializes in power, like MAN Engines, can be more adept to your needs.
