Individual Income Taxes 2012 Hoffman

Income taxes in the United States are imposed by the federal government, and most states.The income taxes are determined by applying a tax rate, which may increase as income increases, to taxable income, which is the total income less allowable deductions.Income is broadly defined. Individuals and corporations are directly taxable, and estates and trusts may be taxable on undistributed income.

Income tax in the United States - Wikipedia

A tax is a compulsory financial charge or some other type of levy imposed on a taxpayer (an individual or legal entity) by a governmental organization in order to fund government spending and various public expenditures. A failure to pay, along with evasion of or resistance to taxation, is punishable by law.Taxes consist of direct or indirect taxes and may be paid in money or as its labour ...
