1 st word --- ends in a consonant. 2 nd word --- begins with a vowel or silent H. Result: the consonant in the end of the first word is automatically linked to the beginning vowel of the second word. To illustrate, let us make use of these examples: nous avons - the 1 st word ends with the consonant s while the 2 nd word begins with a vowel.

French pronunciation for beginners (+ Audio) | Talk in French

In trading, the term "volume" represents the number of units that change hands for stocks or futures contracts over a specific time period. Traders rely on it as a key metric, because it lets them know the liquidity level of an asset, and how easily they can get into or out of a position close to the current price, which can be a moving target.
